# PHYTOMER

FROM THE SEA TO THE SKIN

For nearly 50 years, PHYTOMER has been a tour de force in a unique profession, creating manual treatment protocols exclusively reserved for spas and salons. Our protocols are practiced by the finest therapists in the entire world, our products carried in 10,000 point of sales, including hundreds of prestigious hotel spas.

PHYTOMER is a pioneer in marine biotechnology. We develop in-house, advanced active ingredients. With great passion, we formulate innovative products to achieve the highest level of performance. Our products are made in Saint-Malo, France, a seaside town in the Brittany region, with an approach committed to the preservation of the environment.

Come discover how, generation after generation, we transform the sea into skincare to reveal the beauty of women.

# Passion for the sea.

## Each day, we transform the sea into skincare.

The sea is the richest and most vital element on earth, with an incredible biodiversity. More importantly the sea works in complete affinity with our cells, containing everything that is essential to the beauty and health of our skin. We create products and treatments of remarkable effectiveness.

## For 3 generations, we have maintained the tradition of a unique cosmetic expertise.

PHYTOMER is a passionate family, anchored in Brittany, between Saint-Malo and the Mont-Saint-Michel. In our laboratories, we develop exclusive products of the highest quality. We master each step: from the discovery of the active ingredient to the production of the finished goods. At PHYTOMER Spa and Wellness, we create signature spa treatment protocols performed by the most outstanding therapists in the world.

# Family history.

# Revealing the original beauty.

## Dreaming of an authentic beauty, natural and alive.

By capturing the fascinating essence of the sea, we would like to offer all women, everywhere, skin that is both beautiful and healthy.

We believe that nothing needs to be added to their authentic beauty. It simply needs to be renewed by expertly caring for their skin, so as to reveal all of its youth and vitality.

## We offer the incredible benefits of the sea to the greatest number.

Created in 1972, OLIGOMER® is a remarkable ingredient that contains the precious compounds of seawater. Incorporated into each PHYTOMER product, it transmits to the skin its incredible remineralizing and revitalizing capacity.

Advanced scientific technology.

Searching for the maximum in innovation and performance.

PHYTOMER is a pioneering company in marine biotechnology. Our scientists are the first in the world to cultivate the sea in a laboratory in order to amplify its ability to transform the skin. PHYTOMER gives life to the purest, high-performance marine ingredients.

This scientific achievement is a guarantee of an exceptional level of effectiveness and sensorial pleasure.

Hands on skin.

It's through your professional hands that  
the skin becomes the most beautiful.

In our body and face treatments, you are the closest to  
the skin to reconcile body and mind, and to offer a  
thoroughly revitalizing well-being experience. To  
guarantee visible results, we incorporate products of the  
highest performance - those earmarked for professionals  
- united with the most original manual techniques.

We are pioneers in sustainable cultivation, firmly committed to the preservation of the sea and its incredible biodiversity.

The sea...it's our life, our passion. Thanks to marine biotechnology, we reveal the sea's exceptional potential while working towards its preservation. Our unprecedented algae cultivation programs are sustainable and help to reintroduce endangered species.

We strictly enforce eco-friendly methods at each step of manufacturing. We use renewable energy, operate filtering gardens to clean up production water, and have implemented an intelligent recycling system for raw materials...because the protection of the sea is at the heart of our work.

Committed to the sea.

# On your side.

## We are at your side to assist in the development of your activity.

We apply an ambitious strategy on the Internet and on social media in order to boost recognition and visibility of the PHYTOMER brand, boost your sales, as well as the promote online training. We optimize our treatment costs and our catalog is very attractive to maximize resale.

At each step, our team of experts is by your side: from the creation of your treatment menu to the training of your teams, as well as the setting up of promotional offers, the creation of your website and beyond.... You can count on us for dedicated collaboration and a winning partnership.
